MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL REPORT

The accompanying consolidated financial statements of the Town of South Bruce Peninsula ("the Municipality") are the responsibility of the Municipality's management and have been prepared in accordance with Canadian public sector accounting standards established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada, as described in Note 1 to the consolidated financial statements.

The preparation of consolidated financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The Municipality's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded (in accordance with Canadian public sector accounting standards established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada), and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management. Council meets with management and the external auditor to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The consolidated financial statements have been audited by Baker Tilly SGB LLP, independent external auditor appointed by the Municipality. The accompanying Independent Auditor's Report outlines their responsibilities, the scope of their examination and their opinion on the Municipality's consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Members of Council, Inhabitants and Ratepayers of the **Town of South Bruce Peninsula:**

Opinion

We have audited the consolidated financial statements of the Town of South Bruce Peninsula ("the Municipality"), which comprise the consolidated statement of financial position as at December 31, 2019, and the consolidated statements of operations, change in net financial assets and cash flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Municipality as at December 31, 2019, and its consolidated results of operations and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Municipality in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Municipality's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Municipality or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Municipality's financial reporting process.

BAKER TILLY SGB LLP
CHARTERED PROFESSIONAL ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT CONTINUED

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Municipality's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Municipality's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Municipality to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

CORPORATION OF THE TOWN OF SOUTH BRUCE PENINSULA

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT DECEMBER 31, 2019

Nature of operations

The Town of South Bruce Peninsula ("the Municipality") combines the former rural townships of Albemarle, and Amabel, the village of Hepworth and Town of Wiarton and is a lower-tier municipality located in the County of Bruce, Province of Ontario, Canada. It conducts its operations guided by the provisions of provincial statutes, such as the Municipal Act, Municipal Affairs Act and related legislation.

1. Summary of significant accounting policies

The consolidated financial statements of the Municipality are the representation of management prepared in accordance with local government accounting standards established by the Public Sector Accounting Board (PSAB) of the Chartered Professional Accountants of Canada.

The focus of PSAB financial statements is on the financial position of the Municipality and the changes thereto. The consolidated statement of financial position includes all of the assets and liabilities of the Municipality. Financial assets are those assets which could provide resources to discharge existing liabilities or finance future operations. Accumulated surplus represents the financial position and is the difference between assets and liabilities. This provides information about the Municipality's overall future revenue requirements and its ability to finance activities and meet its obligations. Significant aspects of the accounting policies adopted by the Municipality are as follows:

(a) Basis of consolidation

These consolidated financial statements reflect assets, liabilities, revenues and expenses, and changes in investment in tangible capital assets of the Municipality. They include the activities of all committees of Council and the following organizations which are accountable to, and owned or controlled by the Municipality:

Warton Business Improvement Area

Excluded are Funds Held in Trust which are administered by the Municipality and reported on separately.

A government partnership exists where the Municipality has shared control over a board or entity. The Municipality's pro-rata share of assets, liabilities, revenues and expenses are reflected in the financial statements using the proportionate consolidation method. The Municipality's proportionate interest of the following government partnership is reflected in the consolidated financial statements:

Bruce Area Solid Waste Recycling (Note 16)	20.75%
--	--------

All interfund assets and liabilities and sources of financing and expenditures have been eliminated.

CORPORATION OF THE TOWN OF SOUTH BRUCE PENINSULA

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT DECEMBER 31, 2019

1. Summary of significant accounting policies (continued)

(b) Basis of accounting

Sources of financing and expenses are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(c) Cash and cash equivalents

Cash and cash equivalents include cash on deposit, short-term deposits with a maturity of less than three months at acquisition and temporary bank overdrafts which form an integral part of the Municipality's cash management.

(d) Portfolio investments

Portfolio investments are comprised of bonds, bond funds and equity funds and are recorded at cost unless there has been a decline in the market value which is other than temporary in nature in which case the investments are written down to market value.

(e) Inventory

Inventory of goods held for resale is recorded at the lower of cost and net realizable value. Cost is determined on the first-in, first-out basis. Inventory held for consumption is recorded at the lower of cost and replacement cost, recorded on a first in first out basis.

(f) Deferred revenue

Revenue restricted by legislation, regulation, or agreement and not available for general municipal purposes is reported as deferred revenue on the consolidated statement of financial position. The revenue is reported on the consolidated statement of operations in the year in which it is used for the specified purpose.

(g) Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the annual surplus, provides the consolidated change in net financial assets for the year.

Tangible capital assets

Tangible capital assets are recorded at cost, which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost of the tangible capital assets are amortized on a straight-line basis over their estimated useful lives as follows:

Land improvements	- 15 to 25 years
Buildings	- 10 to 25 years
Vehicles	- 10 to 25 years
Equipment	- 5 to 25 years
Infrastructure:	
Roads - paved	- 10 to 20 years
Roads - gravel	- 25 years
Bridges and other structures	- 40 to 70 years
Water and other utility systems	- 45 to 75 years

CORPORATION OF THE TOWN OF SOUTH BRUCE PENINSULA

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT DECEMBER 31, 2019

1. Summary of significant accounting policies (continued)

(h) Revenue recognition

User charges and fees and other revenues are recognized when related goods or services are provided and collectibility is reasonably assured.

Investment income is recognized in the period earned. Investment income earned on obligatory reserve funds is added to the fund balance and forms part of the respective deferred revenue balance and is recognized in the period in which eligible expenditures are made.

Donations, sale of goods, gain/loss on disposal of tangible capital assets, other fines and penalties, licences, permits, rents, capital cost recoveries and capital contributions are recognized on an accrual basis.

(i) Taxation and related revenues

Property tax billings are prepared by the Municipality based on assessment rolls issued by the Municipal Property Assessment Corporation. Tax rates are established annually by Municipal council, incorporating amounts to be raised for local services. A normal part of the assessment process is the issue of supplementary assessment rolls, which provide updated information with respect to changes in property assessment. Once a supplementary assessment roll is received, the Municipality determines the taxes applicable and renders supplementary tax billings. Taxation revenues are recorded at the time tax billings are issued.

Assessments and the related property taxes are subject to appeal. Taxes are recorded at estimated amounts when they meet the definition of an asset, have been authorized and the taxable event occurs. For property taxes, the taxable event is the period for which the tax is levied. Taxes receivable are recognized net of allowance for anticipated uncollectable amounts.

The Municipality is entitled to collect interest and penalties on overdue taxes. These revenues are recorded in the period the interest and penalties are levied.

(j) County and School Boards

The Municipality collects taxation revenue on behalf of the School Boards and the County of Bruce. The taxation, other revenues, expenses, assets and liabilities with respect to the operations of the School Boards and the County of Bruce are not reflected in these consolidated financial statements.

(k) Government transfers

Government transfers are recognized in the consolidated financial statements as revenues in the period in which the events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met and reasonable estimates of the amounts can be made. Conditional government transfer revenue is recognized to the extent the conditions imposed on it have been fulfilled. Unconditional transfer revenue is recognized when monies are receivable. Government transfers for acquisition of tangible capital assets are recognized in the period in which eligible expenditures are made.

CORPORATION OF THE TOWN OF SOUTH BRUCE PENINSULA

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT DECEMBER 31, 2019

1. Summary of significant accounting policies (continued)

(l) Use of estimates

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. The Municipality's implementation of the Public Sector Handbook PS 3150 has required management to make estimates of historical cost, useful lives and amortization of tangible capital assets. In addition, estimates have been made of closure and post-closure costs related to landfill sites and WSIB employee future benefit liabilities. Actual results could differ from those estimates.

(m) Segment disclosures

The Municipality has adopted the Public Sector Accounting Board standard requiring financial information to be provided on a segmented basis (PS 2700). Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment.

(n) Pension plan

The Municipality offers a pension plan for its full-time employees through the Ontario Municipal Employee Retirement System ("OMERS"). OMERS is a multi-employer, contributory, public sector pension fund established for employees of municipalities, local boards and school boards in Ontario. Participating employers and employees are required to make plan contributions based on participating employees' contributory earnings. The Municipality accounts for its participation in OMERS as a defined contribution plan and recognizes the expense related to this plan as contributions are made, even though OMERS is itself a defined benefit plan.

(o) Employee future benefits

The Municipality accrues employee benefits which will require funding in future periods. These are benefits under the Workplace Safety and Insurance Board Act. The costs of these benefits are actuarially determined using management's best estimate of costs and long term inflation and discount rates.

The Municipality earns interest at between prime minus 1.75% and 1.20% on all bank account balances. The Municipality maintains all of its bank accounts at two chartered banks.

3. Portfolio investments

The Municipality has investments in The One Investment Program, \$1,741,482 (2018 - \$1,716,577). During the year, these portfolio investments earned income of \$24,905 (2018 - \$24,277).

In addition, the municipality held GICs with Meridian totalling \$2,015,479 (2018 - \$Nil).

5. Temporary borrowings

The Municipality has a revolving demand facility available of \$3,000,000 to finance general operating requirements. The facility was not drawn upon at December 31, 2019 (2018 - \$NIL).

6. Landfill closure and post-closure liability

Solid waste landfill closure and post-closure care requirements are defined in accordance with industry standards and include final covering and landscaping of the landfill, removal of ground water and leachates and ongoing environmental monitoring, site inspection and maintenance. These costs will be incurred as each landfill site stops accepting waste, with the post-closure care expected to continue for an additional 20 years beyond that. The total future undiscounted closure and post-closure care costs are estimated to be \$483,000 (2018 - \$1,303,833). The liabilities are expected to be funded through budget allocations to a landfill reserve over the remaining life of the landfill. The balance in this reserve at the end of 2019 is \$620,085 (2018 - \$262,031).

The details for above are separated for each site below:

Amabel landfill site

As at December 31, 2019, the Municipality has recognized in the financial statements a liability of \$222,229 (2018 - \$641,463). This liability represents 77% of the present value of the estimated costs and is based on a total capacity of 578,000 cubic meters and a discount rate of 2.84%. The balance of the liability of \$64,950 will be accrued as the remaining capacity of 130,724 cubic meters is utilized, which is expected to be over the next 13 years.

Albemarle landfill site

As at December 31, 2019, the Municipality has recognized in the financial statements a liability of \$115,903 (2018 - \$192,377). This liability represents 62% of the present value of the estimated costs and is based on a total capacity of 60,000 cubic meters and a discount rate of 2.84%. The balance of the liability of \$72,048 will be accrued as the remaining capacity of 23,000 cubic meters is utilized, which is expected to be over the next 15 years.

CORPORATION OF THE TOWN OF SOUTH BRUCE PENINSULA

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT DECEMBER 31, 2019

7. Deferred revenue - obligatory reserve funds and other

Deferred revenue represents revenues received, but not yet earned (or spent). Obligatory Reserve Funds are established in cases where legislation requires that unspent funds relating to a specific purpose be set aside in a specific reserve fund. A requirement of the public sector accounting principles of the Chartered Professional Accountants of Canada is that obligatory reserve funds be reported as deferred revenue. This requirement is in place as provincial legislation restricts how these funds may be used and under certain circumstances these funds may be refunded.

The net change in obligatory reserve funds during the year are as follows:

	Opening	Contributions Received	Investment Income	Revenue Recognized	Ending
	\$	\$	\$	\$	\$
Subdividers' contribution	47,626	-	1,049	-	48,675

9. Employee future benefits

(a) Ontario Municipal Employees Retirement Saving Plan

The employees of the Corporation of the Town of South Bruce Peninsula participate in the Ontario Municipal Employees Retirement Saving Plan ("OMERS"). Although the plan has a defined retirement benefit for employees, the related obligation of the Municipality cannot be identified. The Municipality has applied defined contribution plan accounting as it has insufficient information to apply defined benefit plan accounting.

OMERS is a multi-employer plan, therefore any pension plan surpluses or deficits are a joint responsibility of Ontario municipal organizations and their employees. As a result, the Municipality does not recognize any share of the OMERS' pension surplus or deficit. The most recent actuarial valuation of the Plan was conducted at December 31, 2019.

The amount contributed to OMERS for the current year was \$311,084 (2018 - \$257,129) for current service.

(b) Workplace Safety and Insurance Board ("WSIB") Act

Previously under the WSIB, the Municipality was self-insured (Schedule II) and was required to remit payments to the WSIB as required to fund disability payments for employees who were injured as a result of their employment with the Town. The liability recorded of \$602,609 (2018 - \$612,990) has been determined by an actuarial valuation completed as of December 31, 2015. This liability is partially funded by a reserve set aside for this purpose and reported as part of the insurance, sick leave and WSIB reserve in the Note 11.

The actuarial report for the WSIB liability was based on the following assumptions:

Interest discount rate	4.5%
WSIB administration and physician fees	38%
Expected level of employee cost increases	1.75% -2.5%
Expected average remaining service life	15 years

The liability is comprised of the following amounts:

	2019	2018
	\$	\$
Accrued benefit obligation	594,257	603,996
Unamortized actuarial gains	8,352	8,994
	602,609	612,990

Interest	26,368	26,835
Amortization of actuarial gain	(642)	(642)
Less: benefit payments	(36,107)	(38,356)
	602,609	612,990

10. Tangible capital assets

Schedules 1 and 2 provide information on the tangible capital assets of the Municipality by major asset class, as well as for accumulated amortization of the assets controlled. The reader should be aware of the following information relating to tangible capital assets:

(a) Work in progress

Work in progress with a value of \$491,472 (2018 - \$224,985) has not been amortized. Amortization of these assets will commence when the asset is put into service.

(b) Contributed tangible capital assets

Contributed capital assets including donations have been recognized at fair market value at the date of contribution. The value of contributed assets received during the year is \$NIL (2018 - \$27,289).

(c) Works of art and historical treasures

The Municipality holds various works of art and historical treasures including statues, monuments, plaques, paintings and photographs. These items are not recognized as tangible capital assets in the consolidated financial statements because a reasonable estimate of the future benefits associated with such property cannot be made.

18. Contingencies

- (a) Several lower tier municipalities on the Bruce Peninsula, including the Town of South Bruce Peninsula, have been named as defendants in a land claim action filed by the Chippewas of Saugeen and Nawash, for damages alleged to total \$92,000,000. Also, joined as defendants in the action are the Counties of Bruce and Grey, the Province of Ontario and the Dominion of Canada. No breakdown as to each Municipality's relative share of the \$92,000,000 has been provided. The likelihood of the success of this action is undeterminable at the present time.
- (b) The Town of South Bruce Peninsula along with private land owners, have been named as defendants in a land claim action filed by the Chippewas of Saugeen First Nation for damages alleged to total \$25,000,000. Also, joined as defendants in the action are the Province of Ontario and the Dominion of Canada. No breakdown as to each defendant's relative share of the \$25,000,000 has been provided. The likelihood of the success of this action is undeterminable at the present time.
- (c) Appeals of the current value assessment of properties in the Municipality may be in process. The impact on taxation revenue as a result of settlement of these appeals is not determinable at this time. The effect on taxation of the settlement of these appeals will be recorded in the fiscal year in which they can be determined.
- (d) Applications for property tax rebates for vacant commercial and industrial buildings may be in process. The impact on taxation revenue as a result of these rebates is not determinable at this time. The effect on taxation of these rebates will be recorded in the fiscal year in which they can be determined.
- (e) In the ordinary course of business, various claims and lawsuits are brought against the Municipality. It is the opinion of management that the settlement of these actions will not result in any material liabilities beyond any amounts already accrued.

20. Segmented information

The Town of South Bruce Peninsula is a diversified municipal government organization that provides a wide range of services to its citizens such as police, fire, roadways, water, sewer, solid waste, and recreation and cultural services. Distinguishable functional segments have been separately disclosed in the segmented information. Schedules 3 and 4 provide information on the segmented information of the Municipality.

The accounting policies of the segments are the same as those described in the summary of significant accounting policies. In measuring and reporting segment revenue from transactions with other segments, inter-segment transfers are measured on the basis of exchange amount. Property taxation revenue is prorated to each segment based on budgeted expenses. The Ontario Municipal Partnership Fund grant is allocated to general government. The nature of the segments and the activities that they encompass are as follows:

General government

This segment relates to the operations of the Municipality itself and unallocated items that cannot be directly attributed to any other specific segment. General administration, council activities and maintenance of municipal buildings are included in the functions of general government.

Protection services

Protection is comprised of police services, fire protection, emergency plan, building inspections, and animal control.

Transportation services

Transportation is comprised of the Municipality's bridges, roadways, storm sewers, sidewalks, street lighting, and winter control.

Water and Waste Water

Water and waste water services include treatment and distribution of the Municipality's drinking water and ensures that it meets all provincial standards. It also includes the collection and treatment of waste water.

Environmental services

Environmental consists of providing waste and recycling collection, the operation of the landfill sites, and solid waste management.

Health services

Health services are comprised of cemeteries and support to the local hospital.

Recreational and cultural services

This service area provides services meant to improve the health and development of the Municipality's citizens. The Municipality operates and maintains parks, arenas, a swimming pool, community centres, a campground and marinas. The Municipality also provides recreational programs.

20. Segmented information (continued)

Planning and development

This segment is responsible for planning and zoning including the Official plan for residential and commercial, review of property development plans, and economic development services for the Municipality. Planning and development also includes the Business Improvement Association (BIA).

21. Subsequent events:

On March 11, 2020, the World Health Organization categorized COVID-19 as a pandemic. The potential economic effects with the Municipality's environment and in the global markets, possible disruption of supply chains, and measures introduced at various levels of government to curtail the spread of the virus (such as travel restrictions, closures of non-essential municipal and private operations, imposition of quarantines and social distancing) could have a material impact on the Municipality's operations. The extent of the impact of this outbreak and related containment measures on the Municipality's operations cannot be made reliably at this time.

The Municipality will continue to focus on collecting receivables, managing expenditures, and leveraging existing reserves and available credit facilities to ensure it is able to continue providing essential services to its residents.
