

Addendum 1

The Corporation of the Town of South Bruce Peninsula

Quotation PW 17- 21

Hepworth Park Entrance

Addendum 1

November 3, 2017

This addendum forms part of the bid document for Quotation PW 17-21 for the above noted project, and shall be read in conjunction with the bid document, posted October 26, 2017. The following revisions supersede the information contained in the bid document issued for the above-noted project to the extent referenced and shall become part thereof.

1. Page 9 of 21 – Scope of Work

The Town has altered the location for the new parking lot location in the Hepworth Park; it is now going to be placed over an existing sand playground area. The existing playground area will need to be relocated from its original size.

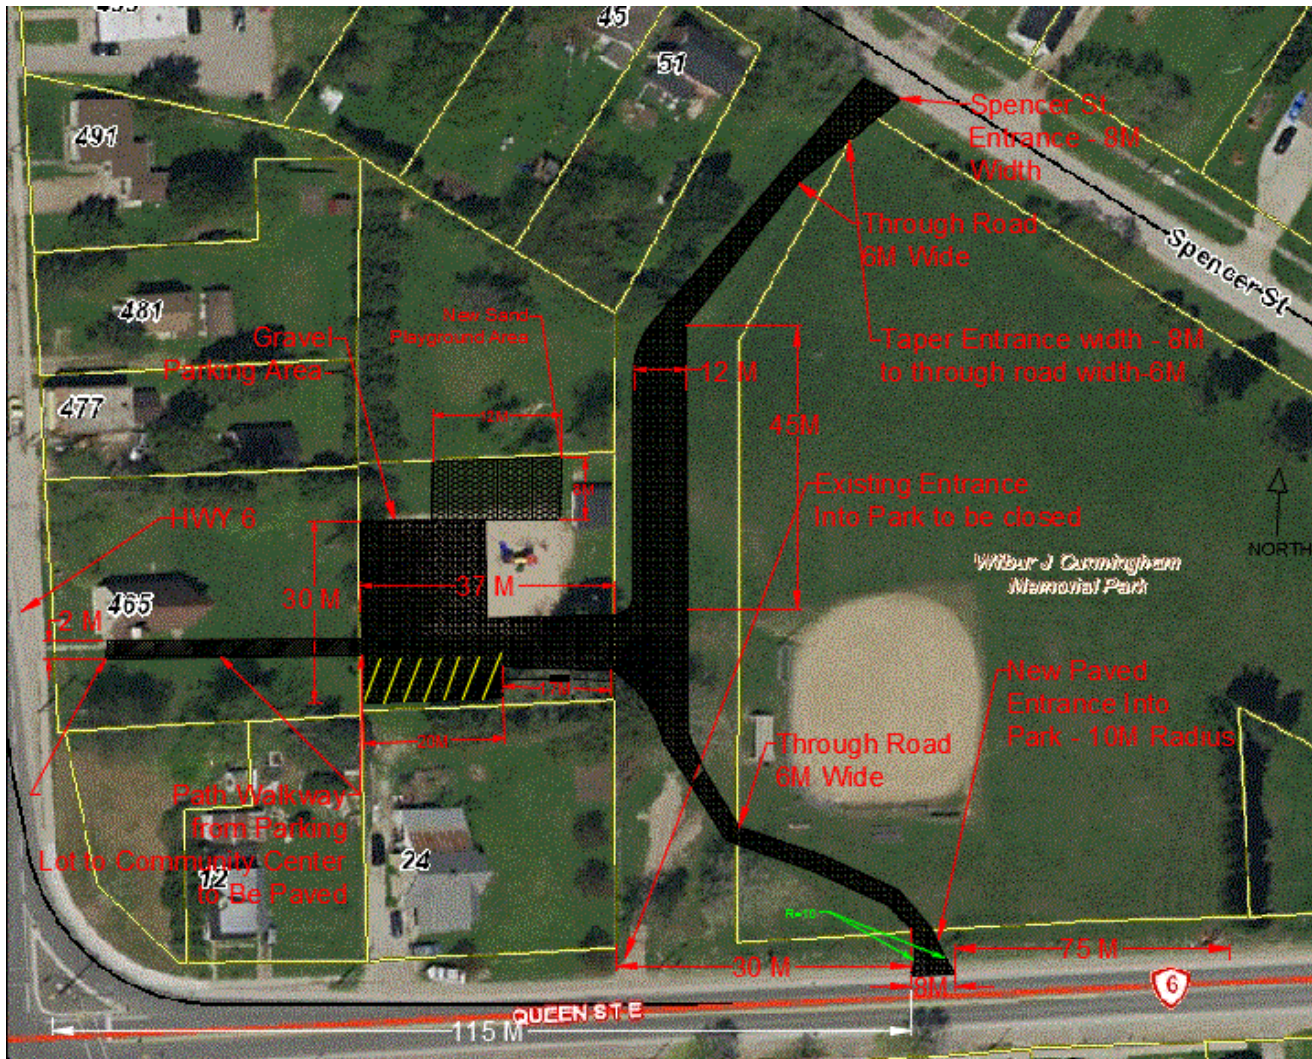

Town Response: The current size of the playground is 12.0 m x 8.0 m. The successful bidder shall excavate and remove the top layer of topsoil off a 12.0 m x 8.0 m area north of the sand playground area to a depth of 300mm. The sand in the existing playground where the new parking lot is going to be shall be excavated and moved to the playground relocation. The work to relocate the playground area will be a separate item in Quotation Form Q-1, Item 9 – Excavate – Playground. Item 9 will be in m² quantity; bidders are requested to submit a price to excavate the topsoil north of the playground area and move the existing sand to the new playground location.

2. Page 13 of 21 – Figure 2

The quotation document shows the plan for the Hepworth Park in Figure 2 on page 13. The original plan shows the gravel parking lot location along the property line north of 24 Queen St E, with dimensions of 15.0 m x 37.0 m. The gravel parking lot's size and location have been changed.

Town Response: The new parking lot will run along the west side of the playground with dimensions of 30.0 m x 25.0 m. The entrance off of Queen St E has been moved 10.0 m east from the original Figure 2 drawing in the bid document. The changes to the gravel parking lot and the entrance off of Queen St E are depicted below.

Addendum 1

3. Page 17 of 21 – Quotation Form Q-1 shall be replaced with **Addendum 1 Pages 17 and 18 of 21** (attached to this document), which provides a new form with an option of a provisional item.

Town Response: The Town is allowing bidders to supply provisional pricing for Item 2: Supply and Place 1930 tonnes of Granular B. The Provisional Item will be to provide 1930 tonnes of 4" stone in place of the Granular "B" to a depth of 250mm for the base work at the Hepworth Park. The successful bidder shall ensure that the completed works will not settle into the existing soils at the park, and to ensure a strong quality base when all work is completed. The provisional item is Item 11 in the revised Quotation Form Q-1, attached.

Addendum 1
