PENINSULA**

Notice of Public Information Session #2
Corporation of the Town of South Bruce Peninsula
Revitalization of Berford Street
Contract No. 19-22

The Corporation of the Town of South Bruce Peninsula (Town) – Berford Street, located in Warton, will be undergoing a ‘Big Dig’ initiative starting in 2020 to upgrade Berford Street’s ageing infrastructure and downtown streetscape. The project is currently at the design phase which is incorporating the infrastructure needs along with the community’s input collected from the Downtown Warton Streetscape Improvements Document (2016). The Town is hosting a Public Information Session to inform the residents and businesses of the proposed plans and discuss any questions or concerns surrounding the project with Municipal staff and the Engineering Consultant.

This second Public Information Session will be held on:

When: Thursday, January 23, 2020, from 6:00 p.m. to 8:00 p.m.

Where: Warton and District Community Centre (Upstairs Hall) - 526 Taylor St., Warton

The project scope consists of the full road reconstruction of Berford Street from Elm Street to Division Street including watermain; storm and sanitary sewer replacement; sidewalks; curb and gutters; road base; street lighting; traffic signals; utility upgrades; as well as streetscape improvements. The Town is receiving funding assistance from a provincial grant.

The project is being carried out as Schedule ‘A+’ Municipal Class Environmental Assessment (Class EA). Schedule A + activities are pre-approved, and the public is to be advised prior to the implementation of the project. Schedule A+ activities are not subject to the Ministry of the Environment, Conservation and Parks appeal process; however, comments will be received by the Town.

For further information on this project please contact:
